Greetings!

The Yuba County Resource Conservation District (YCRCD) in partnership with the Yuba Watershed Protection and Fire Safe Council (YWPFSC), Yuba Water Agency (YWA) and the Community Wildfire Defence Initiative (CWDI) are in the midst of drafting a grant application to Cal Fire's Wildfire Prevention Grant Program. Upon selection, this grant intends to secure funding to continue fuel reduction and wildfire prevention efforts within the Dobbins and Oregon House communities.

Myself (at the YCRCD) and our partners would appreciate your written support and aid us in showing Cal Fire that this effort is of great need to the community.

Attached you will find a Letter of Support Template for ease of use. We are requesting these letters of support by Wednesday July 30th or earlier if possible. Please feel free to reach out with any questions or if you are seeking clarification on any of the project details.

You are appreciated!
