RE: County Transportation Master Plan

I am writing on behalf of the Dobbins/Oregon House Fire Protection District Board to request that a high priority be given to Rices Crossing Road in Oregon House from Stackhouse Lane to Rices Texas Hill Road in the upcoming Yuba County Transportation Master Plan. This is a particularly dangerous section of road designated in the 2014 Community Wildfire Protection Plan (CWPP) to be at extreme risk for wildfire.

The urgent need is for high prioritization of (1) road widening and (2) curve straightening for Rices Crossing Road in Oregon House from Stackhouse Lane to Rices Texas Hill Road due to the extreme fire danger.

These two changes would greatly increase the ability to evacuate residents escaping wildfire and facilitate efficient travel of inbound emergency vehicles safeguarding the lives of both its residents and its firefighters.

Sincerely yours,

Greg Holman, Chairman
Dobbins/Oregon House Fire Protection District
