Dear Board Members,

Due to so many members of our community who are concerned about the safety of parts of Rices Crossing Road during a wildfire emergency we have crafted a letter that you could send to Public Works for inclusion in the new upcoming Transportation Master Plan which is due to be finalized within a month or two. We offer this letter for you to use as is, or modify at your discretion. Please include this letter into the Tuesday 2/25/25 DOHFPD meeting.

Sincerely,

Brad Roman,  
Steering Committee,Community  
Wildfire Hardening
