RE: Browns Valley Irrigation District 2025 Emergency Action Plan (EAP) Updates  
Virginia Ranch Dam Project (FERC No. 3075-CA)

Dear Mike Butler:

The Browns Valley Irrigation District (BVID) is requesting your participation in the annual Emergency Action Plan (EAP/Plan) outreach seminar for its Virginia Ranch Dam (FERC No. 3075).

The meeting will include a description of the Virginia Ranch Dam Project and an overview of the EAP and inundation maps. During the meeting, we will also review changes made to the Plan during the last annual update and confirm that the information in the EAP is current.

This meeting is an opportunity to discuss important information regarding the dam and District operations, the potential impacts in the event of an emergency situation at the dam, and any procedures that would improve the EAP.

We hope that these discussions will improve District operations in the event of an emergency situation and also help you, the emergency response agencies, with the information needed to develop/enhance your emergency operations plan.

The meeting will be held at the **Browns Valley Irrigation District Office in Browns Valley, California on Thursday, November 20, 2025, from 9:00 a.m. to approximately 11:00 a.m.** Registration and coffee will be available starting at 8:45 a.m. The address for the meeting location is as follows:

Browns Valley Irrigation District  
9370 Browns Valley School Rd  
Browns Valley, CA 95918

**Please RSVP by November 14, 2025**, to the District's consultant, Uma Hinman, at (916) 813-0818 or uhinman@comcast.net. Also, please **bring your copy of the Virginia Ranch Dam EAP** for your use and reference during the exercise.

Your attendance will help us ensure we have a workable and effective EAP. Should you have any questions regarding the Plan or this meeting, please do not hesitate to contact Uma Hinman as noted above, or the District directly at (530) 743-5703 or kelly@bvid.org. We look forward to your participation.

Sincerely,

Uma Hinman  
Hinman & Associates Consulting
